

# MATTHEW WADDELL

## Lead Frontend Developer

waddellmp08@gmail.com | (713)-562-0848 | Portfolio | Github

## Skills

### Frontend (6 years)

- JavaScript, Typescript, React, NextJS, Vite, Tailwind, CSS, SASS, HTML, Git, Unit Testing

### Backend (4 Years)

- C#, .NET, Node, Golang, Docker, Kubernetes, Azure, Google Cloud, MSSQL, Cosmos DB, Mongo DB, PostgreSQL

## Experience

### PayiQ

#### Lead Frontend Developer

01/22 - Current

#### Software Developer

12/21 - 01/22

- Experience creating a full stack cloud-based payments processing application using Azure, Docker, Kubernetes, .NET microservices, C# Web API, Cosmos DB, React, and Typescript.
- Develop a state-of-the-art frontend React application featuring advanced techniques such as lazy loading, localization, caching, and scalable rendering, demonstrating a strong command of frontend technologies and best practices.
- Managing a small team of three engineers, overseeing activities such as code review, architectural planning, product refinement, pair-programming, and bug review.
- Work closely with product teams to gather requirements, clarify specifications, and ensure a clear understanding of project objectives.
- Participate in regular meetings and scrum sessions with project managers and product owners to review project status, refine requirements, and plan upcoming sprints.

### Freelance

#### Kristen & Ashley Human Resources Consulting

03/18 - Current

- Developed a full stack HR consulting application demonstrating using Google Cloud, MongoDB, Golang, and Next.js.

### Sway Medical

#### Frontend Developer

11/18 - 12/20

- Used .NET MVC (C#) and MSSQL, with a focus on maintaining and developing features.
- Created a full-stack learning management application using .NET Web API and React, demonstrating expertise in both backend and frontend development.
- Leveraged serverless cloud solutions to automate data synchronization from third-party platforms, streamlining processes and enhancing efficiency.

### Fastback Digital

#### Web Developer

03/18 - 08/18

- Used the LAMP stack, with a focus on maintaining hundreds of customer WordPress sites.

## Education

2014 Stephen F Austin State University

B.S. Food Nutrition Dietetics
